WHO ARE OUR INTERIM EXECUTIVES?

Our Interim Executives are subject experts and success-driven leaders that thrive in unique and challenging situations. They are carefully screened for domain expertise, industry leadership, functional skills, cultural fluency, business acumen, learning agility, and level of self-awareness. Only 3% of leaders pass our screening process to be admitted into our **Interim ELITE Network**.

Our Interim ELITE Executives play a vital role in businesses, and their varied contributions have included: maintaining business stability for stakeholders, reinforcing positive momentum during times of transition, or altering the course of a department or organizational strategy. As such, they are integral in partnering with stakeholders to lay the foundation for the future of the position, and even repurpose the leadership role for the permanent executive.

Leaving a critical leadership position vacant for several months or even a few weeks is often deemed impractical, as it places a significant burden on existing leaders who may be required to temporarily assume additional responsibilities. Interim Executive placements can range in duration: Month-to-Month, 3-Months, 6-Months, 9-Months, 1-Year, or Project Duration. Having our Interim ELITE Executive in place allocates time toward the hiring of a new Permanent Executive, but often times our Interim ELITE Executives far exceed client expectations and are requested to formally transition into permanent leadership roles within the organization.

WHY CHOOSE INTERIM OVER PERMANENT HIRE?

Establishing a solid foundation for a company hinges on the strategic implementation of permanent staffing of subject experts and key leaders. However, under unique situations, employing the services of our Interim ELITE Executives can prove to be a far more advantageous, cost-effective way to manage headcount and lead strategic business projects. Businesses that may not need certain skills permanently, or require a specific problem solved with an objective perspective, benefit from engaging our Interim ELITE Executives.

The mission of our Interim ELITE Executives is to partner with client stakeholders to address immediate business concerns and navigate change with greater clarity and direction. As such, clients find our Interim Solutions effective during rapid business growth, transitional stages, unforeseen leadership vacancies, new market entries, and seasonal spikes in businesses.
